PROFESSIONAL SUMMARY

Motivated fourth-year Information Systems student with hands-on experience in web development, software testing, and cybersecurity fundamentals. Skilled in developing scalable web applications using React.js, Node.js, SQL, and REST APIs. Knowledgeable in secure coding practices, vulnerability assessment, OWASP Top 10, cloud-based CI/CD workflows, and software testing methodologies. Experienced in UI/UX design, data analysis, and agile development environments. Seeking opportunities to contribute technical expertise while building innovative and secure software solutions.

EDUCATION

Bachelor of Information Systems	2026
University of Doha for Science and Technology	
Higher Secondary Education	2022
Birla Public School	
Secondary Education	2020
Nobel International School	

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript, SQL
Frontend Development: React.js, HTML5, CSS3, Bootstrap, Tailwind CSS, CoreUI
Backend Development: Node.js, Express.js, Flask, RESTful APIs, WordPress
Databases: MongoDB, PostgreSQL, MySQL
DevOps & Cloud: Git, GitHub, Gitflow, GitHub Actions, CI/CD, Azure
Data Analytics: Power BI, Data Visualization, Statistical Analysis
Operating Systems: Linux, Windows, MacOS
Cybersecurity: SQL Injection, Cross-Site Scripting (XSS), Cross-Site Request Forgery (CSRF), Server-Side Request Forgery (SSRF), Information Disclosure, Access Control Bypass, Session Hijacking, Directory Traversal, Secure Coding Practices, Software Testing Fundamentals

EXPERIENCE

Web Development Intern	April 2026 – July 2026
Bin Omran Trading and Telecommunication	

- Conducting a comprehensive website audit and competitor analysis to identify UX/UI gaps and improvement opportunities.
- Redesigning company website with modern UI/UX principles using Figma for high-fidelity mockups.
- Developing a fully responsive frontend website using HTML, CSS, and JavaScript.
- Collaborating with stakeholders to align design with corporate brand identity
- Implementing SEO best practices and CMS integration for dynamic content management.
- Delivered a responsive and user-friendly website aligned with organizational requirements.

Web Development Intern	Jun 2025 – Aug 2025
Genesis Technologies Qatar	

- Developed a restaurant ordering web application using React.js and mock API integration.
- Implemented bill-splitting functionality, multilingual support, and payment workflow features.

- Enhanced UI/UX using Bootstrap and Tailwind CSS for responsive user experiences.
- Applied React Hooks and Context API to improve code modularity and maintainability.
- Collaborated using GitHub version control and modern development workflows.

ACADEMIC PROJECTS

Indoor Navigation System

- Interactive indoor navigation platform for university buildings with dynamic routing and virtual maps.

Course Management System

- Queue-based request management system with email verification and admin dashboard.

Student Self-Assessment Web Application

- AI-powered assessment platform deployed using Azure CI/CD pipelines.

Recipe Planner & Meal Finder API

- Developed PostgreSQL-backed CRUD APIs and database schemas using REST architecture.

Retail Sales Forecasting

- Applied SARIMA forecasting and ANOVA statistical techniques and created Power BI dashboards for visualization.

Map My Memory

- Designed a secure digital journaling platform for storing personal memories privately.

Library Management System

- Performed end-to-end software testing using JUnit, GitHub Issues, and JMeter performance analysis.

Study-Plus AI

- AI-powered study planner with focus sessions, Figma prototypes, and eye-tracking usability evaluation.

Breast Cancer Data Analysis

- Developed machine learning models using Python, pandas, and scikit-learn on cleaned healthcare datasets.

CERTIFICATIONS

- Networking Security Fundamentals – Palo Alto Networks
- Cybersecurity Foundation – Palo Alto Networks
- Introduction to Data Science – Cisco
- Introduction to Modern AI – Cisco
- Data Analytics Essentials – Cisco

AWARDS & ACHIEVEMENTS

- **2nd Place – QIC AI Hackathon 2025**
Built "QIC Rewards Quest," an AI-powered gamified insurance engagement platform.
- **1st Place – QChem Future Lab Hackathon 2025**
Designed an AI-driven safety chatbot solution.
